Alternatives to animal experiments in teaching and research

Research Articles
Ischaemia – reperfusion injury: Implications in veterinary surgery
D.B. Patil, N.H. Kelawala and P.V. Parikh

Radiographic evaluation of iohexol and diatrizoic acid dihydrate as intravenous pyelographic agents in dogs
J.K. Mahawar, T.K. Gahlot, P. Bishnoi and Gajendra Rajpurohit

Clinicophysiological and haematobiochemical effects of epidural ropivacaine in uraemic and healthy caprines

Osteomedullography of tibia in dogs: An experimental study
Rajbir Singh, S.K. Chawla, A.P. Singh, Rishi Tayal and S.M. Behl

Hypertrophic osteodystrophy in growing dogs: A clinical study
R.B. Kushwaha, H.P. Aithal, Amarpal, P. Kinjavdekar, A.M. Pawde and G.R. Singh

Clinico-biochemical effects of electro-acupuncture in goats
S. Jaiswal and Amresh Kumar

Short Communications
Clinico-histochemical evaluation of an indigenous formulation (Canisep® cream) for its wound healing potential in goats
Amresh Kumar, L.L. Dass, Samir Sahay and T. Anwar

Treatment of infected cutaneous wounds with seabuckthorn (Hippophae sp.) in bovines: A histopathological study

Clinico-histochemical evaluation of honey as a topical wound healing agent
Amresh Kumar, L.L. Dass, Samir Sahay and T. Anwar

Comparison of punch and mesh skin autografts of tail skin in dogs
S. Dehghani, B. Majidi and A.R. Najafpour
Studies on reversal of clinico-physiological effects of xylazine with yohimbine in dogs
M. Kandpal, N.S. Jadon, A. Kumar and S. Kumar

Evaluation of analgesic effect of preemptively administered piroxicam and ketorolac tromethamine in bitches after ovariohysterectomy
Vinay Singh, R.S. Bisla, Kul dip Singh, Jit Singh and Anoop Sahu

Clinico-physiological effects of epidural buprenorphine in combinations with bupivacaine, xylazine or ketamine in dogs

Biochemical effects of epidural centbucridine with xylazine or pentazocine in dogs
Shobha Bhannaria, M.K. Bhargava, S.K. Pandey and A. Kushwaha

Anaesthetic protocol for pigeon undergoing orthopaedic operation
S.N. Dehghani, M. Mohammadi and H. Nadda

Clinico-surgical analgesia after electrostimulation of acupoints in caprine
S. Parai, Amresh Kumar and N.S. Jadon

Evaluation of sodium carboxy methylcellulose in minimizing induced jejunal adhesions in buffalo calves

A radiological study on barium enema in goats (Capra hircus)
B.P. Chhadha and T.K. Gahlot

Ultrasonographic evaluation of reproductive tract in buffalo
Bhoopendra Singh, C.V.S. Rawal, M. Hoque and R.K. Sharma

Efficacy of disinfectants on inanimate objects in operation theatres
S.K. Dahiya, Kul dip Singh, Anshu Sharma and Subhash Chander

Copper sulphate in veterinary practice
S.P. Mouli

Clinical Articles
Inguinal hysterocele in a bitch
Vivek Malik, Deepesh Kumar, Sheshman, R.P. Pandey and Bharat Singh

Surgical management of tendo-achilles injuries in three cows
V.P. Chandrapuria and Apra Shahi
Successful treatment of iatrogenic division of digital flexor tendon in an Ongole bull
S.P. Mouli

An unusual abdominal hernia associated with ectopic liver in a neonate lamb
A. Meimandi Parizi and A.A. Mahjoor

Diagnosis and management of canine urolithiasis-A clinical study
Kuljit Singh, M. Raghunath and J. Mohindroo

Haematobiochemical changes in cases of obstructive urolithiasis in dogs
A.K. Sharma, I.V. Mogha, G.R. Singh, Amarpal and H. P. Aithal

Surgical management of explosive injuries of face and oral cavity in dogs
S.P. Tyagi, Amit Kumar and A.C. Varshney

Diagnosis of intracranial tumour by CT in a dog
S.K. Nandi, D. Ghosh and S. Hazra

Fibroadenoma in ear canal of a dog

Cryosurgery for squamous cell carcinoma in a deer

Surgical retrieval of Dioctophyma renale in a dog
M.S. Mir, A.A. Khan, M.M. Saleem, H.M. Khan and S.S. Hussain

An unusual intestinal foreign body in a tom cat
H.K. Sharma, P. Rana and R. Rathee

Repair of lacerated third eye lid in a lion (Panthera leo)
Dilip Kumar Das and G. Srinivasa Murthy
